

WIC Program Prescription Infant (Birth to 12 Months of Age)

The WIC Program promotes breastfeeding for infants the first year of life and beyond and actively supports the American Academy of Pediatrics' Statement on Breastfeeding and the Use of Human Milk.

A written prescription is required for an infant who uses a formula/product other than a North Carolina WIC contract milk- or soy-based infant formula. Prescription is subject to WIC approval and provision based on program policy and procedures.

Please complete all sections (A-D) for all prescriptions.
